Open Sections Only

In addition to the **Subject** drop-down, **Course Number**, **Keyword**, and **Title** searches, course sections can be filtered by **Campus**, **Instructional Methods** and more.

All UI Campuses are listed in the drop-down menu.

Methods listed may vary by term selected.

Use **Attribute** to search for General Education & Honors courses.

Fall/Spring have 3 **Parts Of Term** each, Summer has 9.

All instructors are listed, some may not have a class in the active term.

Checking one or more day of the week will return sections where at least one meeting pattern exactly matches your selection.

Credit Hour Range: 3 to 4 returns 3- and 4-credit courses, along with variable credit sections that can be set at 3 or 4 credits.

Entering '4' in the 1st box returns ≥ 4 credits, while '4' in the 2nd box finds sections ≤ 4 . Both results will include variable credit courses extending beyond the given range.

Entering 4 in both boxes returns 4-credit courses and any variable credit courses where the top or bottom number in the range is 4.

When searching by time, always add AM/PM. Use both rows to limit the results to a range of time, or one alone to limit the start or end time.

Open Sections Only hides full classes that do not have a waitlist. It does not hide those with waitlists or sections that meet the search criteria but may not be available to you, such as sections past their Add/Drop date or Dual Credit courses for High School students.
