POLITICS AND PHILOSOPHY

1. Make the following changes to the **Master of Public Administration**:

~~The Martin School and the Department of Political Science at the University of Idaho offers the Master of Public Administration (MPA) degree for students interested in careers in the governance and management of local governments and communities. Students can expect to leave the program with intellectual and analytical skills, and the practical experience~~

~~needed to enhance their ability to serve local governments and communities. The program is public service oriented, and is delivered in partnership with communities in Idaho and Washington.~~

~~Practitioner involvement in this program provides students with a more relevant and practical education than that found in more traditional programs. Academic faculty members work closely with local government professionals to deliver courses and professional development opportunities. In addition to internships, all students are required to complete a practicum designed to deliver the skills needed in professional communication and employment.~~

~~The program requires 36 hours of coursework and offers two tracks. The internship track is designed for students who have little or no public administration experience while the in-service track is designed for working professionals who seek to strengthen their leadership skills. Internship track students complete a 3 to 6-hour internship to gain hands-on experience in the governance of local government and communities. In-service students must complete 3 hours of POLS 559 Field Based Research in lieu of the internship.~~

**~~Both tracks share a core curriculum of 18 hours:~~**

<del>POLS 555</del>	<del>Seminar in Administrative Theory</del>	<del>3-cr</del>
<del>POLS 558</del>	<del>Research Methods for Local Government and Community Administration</del>	<del>3-cr</del>

<del>POLS 575</del>	<del>Public Personnel Administration</del>	<del>3-cr</del>

~~POLS 560: 3 credits taken, 1 credit per semester.~~

~~Students will then develop their specific interests in local government by choosing 12 to 15 hours of elective courses in consultation with and approval of their advisor. These courses may be chosen in alignment with the bioregional planning and community design graduate program, or other UI graduate programs.~~

~~Although no specific undergraduate preparation is required for the MPA, applicants must have a 3.0 GPA and GRE General Test Scores that are no more than five years old. Three letters of recommendation are also required. Students with a lower GPA may, on occasion, be admitted provisionally.~~

## UNIVERSITY STUDIES ABROAD CONSORTIUM

### NEW SITE: KRAKOW, POLAND

- **Why new sites?**
  - USAC was looking for a new site in Europe to produce some relief to the Prague, Czech Republic program which was getting too big. Kraków, similar in atmosphere, architecture, and cost of living, rivals Prague (only five hours away) for prettiest and friendliest medieval city in Europe. In addition to an amazing cultural and historical experience, Kraków is more affordable than most Western European countries.
- **Academic focus**
  - Polish Language & Culture
  - International Business
  - Central European Studies & Politics (Soc, Arch/Art, Pol Sci, )
  - Jewish Studies/Holocaust Studies (Soc, Hlst, Rel)
- **Why Kraków?**
  - The Program is based in Kraków, one of the oldest and most charming cities in Poland. Kraków is known as the leading center of academic, cultural, economic, and artistic life in Poland, with its greatest highlights being the outstanding architectural monuments visible on almost every street. Kraków is very much a student city with over 30 universities and thousands of international students from all over the world studying there.

- The host city offers many affordable cafes and restaurants; festivals and events; a strong music and art scene; as well as numerous historical sites. Some of the most notable features include the main square, Rynek Glowny, the largest medieval square in Europe, the Wieliczka Salt Mine, a cathedral made of salt, The Town Hall, Kraków's own version of the Leaning Tower of Pisa, Kazimierz, the Jewish quarters where Schindler's List was filmed, and the Auschwitz-Birkenau Concentration Camps which have been turned into and maintained as a museum.
- The Cracow University of Economics (CUE) is one of Poland's premier academic institutions with outstanding teaching and research quality rooted in 90 years of tradition. Classes take place on a medium size, well-manicured, green campus of more than 15 buildings and students have access to a language center, library, sports facilities, cafes, and a clinic. The university is located in the center of Krakow and is only a 10-minute walk from the historical Old Town center with countless monuments, museums, restaurants, and cafes.
