## RESOURCES

**Academic Peer Mentor (APM):** Our Academic Peer Mentors are student leaders with high academic standing who assist students living in our first-year communities. These leaders provide individualized support to help new students with tutoring and academic skill building. APM's also hold a variety of workshops and free events. Please keep an eye out for our activities!

**Resident Assistant (RA):** Every floor has an RA who is there to help answer questions and help make your experience the best! Be sure to meet them when you arrive!

**Student Success Program (SSP):** We are dedicated to helping students succeed academically. Students have access to peer mentoring, free tutoring, study spaces, computer lab and additional support resources.

## FACE COVERINGS REQUIRED

Face coverings are required inside all university buildings. These include cloth masks, bandanas, scarves or any other material that covers the nose and mouth. The exception to the requirement is while you are in your private living space. Face coverings must also be worn outside when social distancing of at least six feet is not sustainable.

## SAFETY

This year we are asking students to limit those coming to campus to help with move in. To keep our students, families and staff as safe as possible, we are asking that when possible only the student enter the building to move into their room.

## IF YOU'RE SICK, STAY HOME

If you have an illness or are not feeling well please delay your move-in until you are feeling better.

## UNLOADING YOUR VEHICLE

There are three temporary unloading zones marked on the map. During unloading, someone should remain with the vehicle. After unloading, please make room for the next car. We have allocated specific Move-In day parking. These parking lots are adjacent to the residence halls and will be marked. (see map on next page)

Housing payments, due August 24, are paid through Student Accounts. Payment plans are available.
