**CNR F&A Return Policy:**

CNR will return a portion of the college F&A returns to PIs on all projects recovering the full federally negotiated F&A (or at least 26% when not the full rate) for the following categories.

The \$100,000 example assumes that all the expended funds carry F/A and does not include >5K equipment, tuition, or other costs that F&A is not applied to.
