Additional Information:

INVOICE NUMBER ENTRY RULES FOR CLAIM VOUCHER ENTRY:

Consistency is important with the vendor invoice numbers because Banner checks for duplicate invoice payments by the invoice numbers. The Vendor Invoice Number is the actual invoice number printed on the vendor's invoice.

Use the following rules for consistency:

- 1. If there are zeros in the invoice before or after the number (i.e.00006789) enter all the zeros exactly how the invoice number reads on the invoice.
- 2. The following is the rule for invoice numbers with spaces in them:
 - a. For invoices that have numbers and spaces, always enter the spaces (i.e..,001 456 15789).

The only exception to the rule is if the number is more than 15 characters long, then eliminate the spaces. If there are numerous spaces, only enter one space.

- b. If the invoice number has numbers and letters (i.e., AB 12345), eliminate the space to read AB12345. Another example would be, 1B 457A. This should be entered as 1B457A.
- 3. If the invoice number is longer than 15 characters, eliminate any -,V, or spaces from the number. If more room is needed, count from the right backward 15 characters. Usually the last characters are most important to vendors.
- 4. If there is <u>no invoice number</u> listed on the invoice, look to see if there is an Account number on the invoice. If so, use Account number {space} and the invoice date. { For invoice date use format of 121311}. If there is no account number listed on the invoice, use the <u>date of the invoice, {space} and the dollar amount</u> (i.e., if the invoice date is 12-13-11 for \$50.00, use 121311 5000{no decimal} as the invoice number.)
- 5. UTILITIES invoice numbers usually consists of <u>Account number and the</u> <u>billing date</u>. Remember, to pay ONLY current charges.

NOTE:

1. When paying **Rosauers Super Market** invoices, use the <u>account number</u>, <u>space and the amount on the receipt</u>.

2. When paying **Best Western**, use the account <u>number</u>, <u>space and invoice</u> <u>number</u>.

Example: 33010 162274

Utilities: Intermountain Gas, Drop the first (4) numbers of the account number, space and enter the date of the invoice. For proper credit, <u>enter the full account</u> <u>number in the check remittance block.</u> Example: 88000013 092011

Idaho Power, drop the first two (2) numbers of the account, space and date of the invoice. Again for proper credit, <u>enter the full account number in the check</u> <u>remittance block.</u> Example: 12713561 080611
