

# ART & DESIGN

## thinkers + makers

The University of Idaho Art+ Design program prepares students for a dynamic career in today's creative economy. We cultivate critical thinking, self-reflection and leadership by challenging students with analytical discourse, written observation and professional engagement opportunities.

As thought-leaders and makers, our faculty and students help define creative conversation in the Pacific Northwest while the impact of their ideas and practice extends far beyond.

### Areas of Emphasis

We offer undergraduate and graduate degrees in design or fine arts. Emphasis areas are inter-dependent and model integration, resourcefulness and adaptability.

Graphic Design | Interaction Design | Painting | Printmaking | Sculpture
