University of Idaho Launches Largest Capital Campaign in State History

The University of Idaho is making history with its launch this week of a \$225 million comprehensive capital campaign, Inspiring Futures: Invest in the University of Idaho. The effort – the most ambitious ever in Idaho – will guarantee Idaho's land-grant, research institution is positioned now and in the future to continue to offer internationally competitive education programs from the undergraduate up through the post-doctoral level, while simultaneously driving Idaho's economic prosperity and addressing the most important issues of the day. Read more.

Mad Men Mondays

Join the Women's Center for Season 2 of the award-winning TV series Mad Men and engage in critical discussion of the social issues the show poses. Mad Men depicts American society and culture in the 1960s, highlighting cigarette smoking, drinking, sexism, feminism, littering, adultery, homophobia, racism, and anti-semitism. Themes of alienation, social mobility and ruthlessness also underpin the tone of the show. Each episode is approximately 45 minutes long and an informal interactive discussion will follow at 12:30 p.m. in the Womens Center Lounge (Mem Gym 109). Bring your lunch and a friend. For more information, please contact the Women's Center at (208) 885-6616

Safe Zone Training with the University of Idaho ACademic ADvising Association

Join the University of Idaho ACademic ADvising Association (UIACADA) for Safe Zone Training on Monday, April 30, 2012 from 2 – 4 p.m. in the Idaho Commons Aurora Room. This training is open to all, is free and coffee/cookies will be provided. Space is limited to 40 participants. Safe Zone is a program at the University of Idaho which identifies faculty, staff, and students who can provide support and resources for gay, lesbian, bisexual, transgender, and questioning (GLBTQ) students, faculty, and staff. A Safe Zone sign indicates that the person who posted it is a person who will be understanding, non-judgmental, and trustworthy. Individuals will know that they can come to this person for help, advice, or just talk with someone who is supportive of their sexual orientation or gender identity. Please rsvp to uiacada@uidaho.edu.

Bioregional Planning Clearwater Basin Biomass Student Presentations

U-Idaho Bioregional Planning & Community Design and the Landscape Architecture Programs, in partnership with WSU Bio-IDeX Studio, will present on the Clearwater Basin bioregion and the woody biomass supply chain on Monday, April 30, 2012, in the Commons Crest Room from 3 - 5 p.m. Read more.

Interdisciplinary Climate Change Spring 2012 Seminar Series

Dave Lawrence, scientist, National Center for Atmospheric Research: NCAR Earth System Laboratory, Terrestrial Sciences Section, will present, "Representing and Evaluating Arctic Terrestrial Climate Change Feedbacks in an Earth System Model"April 30 at 3:30 p.m. TLC 31.

Physics Colloquium: Nolan Nicholas, Department of Chemistry, University of Idaho Physics Colloquium, with Nolan Nicholas, department of chemistry, University of Idaho, titled, "Fabricable NanoEngineering through Stochastic Architecture," will occur April 30 at 4 p.m. in EP 209. Read more.

Dissertation Defense: John Stubban

Doctoral candidate in Electrical and Computer Engineering, John Stubban, will defend his dissertation entitled, "Comparing Point of Use Power Quality in a Shipboard MVDC Distribution System" on April 30, at 4:30 p.m. in BEL 111. The event is free and open to the public.

Peter Lee, Trumpet

Peter Lee, trumpet Graduate Student Recital will occur April 30 at 7:30 p.m. at Bucer's Coffeehouse, 201 S. Main Street, Moscow, Idaho.

EnvS Senior Receives Outstanding Undergraduate Research Award

The University of Idaho College of Science has selected EnvS senior Jessica Osterloh for the Outstanding Undergraduate Research Award. Osterloh worked with Jerry Fairley, associate professor in geological sciences, to assess the geothermal potential of the Rio Grande Rift in Colorado and New Mexico, and the Snake River Plain in Southern Idaho. Geothermal energy could provide clean, renewable energy to the surrounding regions. Read more.

Inspiring Idaho's Next Generation of Leaders:

University celebrates launch of public phase of largest campaign in state's history – \$161.8 million of \$225 million goal raised to date

The Vandal Marching Band, the University Chorus, the Jazz Band and a multi-media production created the celebratory atmosphere under the Kibbie Dome April 28 as hundreds of guests helped the University of Idaho launch the public phase of its \$225 million fundraising campaign. The kickoff of "Inspiring Futures: Invest in the University of Idaho" attracted more than 850 donors, friends, university officials, alumni, faculty, staff and students from across the country. Read more.

Giving Back to Where His Future Began

"I donate to the University of Idaho because that's where I got my opportunities. That's where I met my wife and all the great things that have happened to me got started there," said Gary G. Michael, '62. From his humble beginnings working on his uncle's ranch in rural Montana, Michael rose to chairman and CEO of Albertson's, Inc., sitting on the boards of directors of several multinational corporations to his current role as Chairman of the Board of IDACORP, Inc., parent company of Idaho Power. Read more.

U-Idaho and Tribes Awarded \$1.1 Million NSF Grant

A \$1.1 million National Science Foundation (NSF) grant will bring Science, Technology, Engineering and Math (STEM) education to underserved American Indian students in the Coeur d'Alene and Spokane tribes. The NSF monies will fund the Innovative Technology Experiences for Students and Teachers (ITEST), Back to the Earth (BTTE) project. Read more.

Ladies' U of I Golf League

Interested in golfing this summer? The U-Idaho Ladies' Golf League will hold an informational meeting on Tuesday, May 1, 2012 at 9 a.m. at the U-Idaho Golf Course in Bogey's Grill. If you are interested but cannot attend the meeting, please let Cheryl Wallace, 208-882-0226 know. League golf will begin Tuesday, May 15, 2012.

Mastering PowerPoint: Shortcuts and Tips to Create Presentations Like an Expert

Join PDL May 1 at 10 a.m. in Admin 217 to view a live demonstration of: *Creating dedicated handouts, instead of just printing slides *Honing and distilling bullet points until they are terse and clear *Using animation to sequence dense, chunky data *Blending photos and simple text messages for maximum impact *Essential shortcuts to help you work faster and more efficiently

Biological Sciences Departmental Seminar: Dr. Axel A. Elling

Dr. Axel A. Elling, Department of Plant Pathology, Washington State University, will present "Lessons from a plant-parasitic nematode: genomes and host-parasite relationships" Tuesday, May 1 at 12:30 p.m. in LSS 277.

Farewell Reception: Kathy Browder

A farewell reception, hosted by the movement sciences department faculty and staff, for Kathy Browder as she embarks on her new adventures at University of North Carolina, Wilmington as the associate dean, Health & Human Services will occur May 1, from 3-5 p.m. in PEB 116. Please join us for light refreshments and a celebration and thank you to Kathy Browder for her work at University of Idaho.

Martin Scholars Presentation "The Performing Arts and International Relations"

Professor Barry Bilderback and a team of four undergraduate researchers with the Martin Institute will present a panel presentation about the intersection of the performing arts and international relations on May 1 3 - 4 p.m. in the SUB Gold Room. The student scholars - Sarah Grigg (International Studies major with a Dance minor), Rachel Herndon (double major in International Studies and Music-Vocal), Courtney LaFranchi (double major in International Studies and Music-Instrumental), and Hannah Whisenant (Theater major)- have been working on their

individual projects since September.

Computer Science Colloquium, Joshua Rubini

Computer Science Colloquium, featuring Joshua Rubini, titled "Building the Matrix: Comparing Methods of Communication and Swarm Structure Dynamics in Evolved Autonomous Swarms" will occur May 1 at 3:30 p.m., EP122. Read more.

Open Forum for Thomas Patterson, Candidate for Executive Director of International Engagement and Programs

An Open Forum with Thomas Patterson, candidate for the Executive Director of International Engagement and Programs will occur May 1 at 4 p.m. in the Whitewater Room, Commons. If you would like a copy of the candidate's resume, please contact Mary Ellen Brewick at mebrewick@uidaho.edu. Your participation in the interview process is valued. You are invited and encouraged to attend the open forum and provide your feedback.

35th Annual Meeting of the University of Idaho Arboretum Associates

The 35th Annual Meeting of the University of Idaho Arboretum Associates will be Tuesday, May 1, 2012 in the U-Idaho College of Law Courtroom at 7 p.m. After a short business meeting, Paul Warnick, Arboretum Horticulturist, will present his annual update on Arboretum projects. The meeting is free and open to the public. Read more.

Turning of the Wheel: Retelling Our Own Stories

As part of the Humanities Exploration series, the May 1, 7 p.m. in the Whitewater Room, Commons event will be a "wrap-up session," reflecting and discussing on the over 30 talks, events, exhibits and performances that began last September. Coordinated by Rodney Frey, Distinguished Humanities Professor. For more information: www.webpages.uidaho.edu/humanities/

Canceled: U-Idaho Speed Networking

Due to inclement weather and timing of events, the U-Idaho Speed Networking Event to be held May 1, has been canceled.

Please mark your calendar for the replacement event, a Speed Networking Brown Bag, to be held Thursday, June 14, 2012 from noon-1 p.m. Please contact Ali Bretthauer, Learning and Development Subcommittee Chair, at abretthauer@uidaho.edu with any questions.

Summer Hours

The University of Idaho will begin operating on its summer schedule beginning Monday, May 14, 2011. Business hours will be 7:30 a.m. to 4:30 p.m., Monday through Friday. Summer hours will be effective through Friday, Aug. 17, 2011.

FSIT Grant deadline extended to May 1, 2012

The final day to turn in FSIT Grant Applications is now May 1, 2012 before midnight. Your consideration for grant funds cannot be guaranteed unless your application is submitted to Colton Oliphant in the Study Abroad Office on time. For questions email colton@uidaho.edu.

DancersDrummersDreamers® Shuffle, Slide, Stomp and Roll into Coeur d'Alene, May 14 The University of Idaho dance/percussion/performance art phenomenon, DancersDrummersDreamers® will appear at 7 p.m., May 14, in the Lake City High School Auditorium, 6101 Ramsey Road, Coeur d'Alene. This year, for the first time, DDD will perform at four separate locations across the state. Read more.

Dissertation Defense: Adam Wells

Doctoral candidate in Natural Resources, Adam Wells, will defend his dissertation entitled, "Finescale Habitat Selection and Space used by Mountain Goats (Oreamnos americanus): The Brownian Bridge Synoptic Model" on May 2, at 11:30 a.m. in Ag Science, room 62. This event is free and open to the public.

Why Should We Hire You?

Spring Career Webinars for Graduates: Why Should We Hire You? Get career advice and information from Brooks Harper on May 2 at noon in Commons 334. This webinar focuses on interviewing skills and techniques.

Dissertation Defense: Stephanie Hamilton

Doctoral candidate in MMBB, Stephanie Hamilton, will defend her dissertation entitled, "Effects of Selective and Non-Selective NSAIDs on Initiation, Progression and Antibiotic Efficacy of Experimental Group A Streptococcal Myonecrosis" on May 2. Videoconference locations and times are Idaho Water Center, Rm 248 at 1 p.m. mtn time and Moscow campus, in Ed 103 at noon pacific time. The event is free and open to the public.

Coeur-lloquium: Understanding the World by Examining the World with Karen Humes

Karen Humes, department of geography department head, College of Science will present Coeur-lloquium: Understanding the World by Examining the World May 2 at noon in the Coeur d'Alene Harbor Center Room 241. Humes' research areas include: Remote sensing applications in understanding water distribution and use, modeling of spatially distributed water - energy balances, and soil moisture measurement and mapping. She will be talking about her current projects as well as the many interesting ongoing projects in the Northwest and around the world involving U-ldaho Geographers. Bring your lunch if you wish. Light refreshments (coffee, cookies, lemonade) will be provided.

Death and The Fires of Hell - What They Never Told You In Church

What if mainstream religion's thinking on Death is wrong, and its common teaching on Hell slanders the character of God? Using hints from ancient cultures, we'll take another look at the scriptures to explore a more hopeful vision of what waits for us all on the other side on May 2 at 6 p.m. in the Gold Room.

2012 Moscow Kino Digital Media Festival

Students in JAMM 475: Digital Media Thesis Production will showcase their work at the annual Moscow Kino Digital Media Festival on May 2 and 3 at 7 p.m. in the SUB Borah Theater. ASUI Vandal Entertainment and the School of Journalism and Mass Media sponsor this event and admission is free. Students will do a Q & A after each screening and defend their thesis work. Audiences are encouraged to vote for their favorite movies.

WebEdit System to Shutdown

The University's Web Communications Team has announced a plan to shut down the old WebEdit system by Jan. 1, 2013. Before that date all websites remaining on the WebEdit system will be migrated to the Sitecore system. WebEdit sites will then be archived and deleted. For more information refer to the project <u>website</u>.

U-Idaho, University of Maryland Study Finds Vaginal Microbes Vary Over Time Among Healthy Women

The delicate balance of microbes in the vagina can change drastically over short periods of time in some women, while remaining the same in others, according to a new joint study by the University of Idaho and the University of Maryland School of Medicine's Institute for Genome Sciences. The scientists believe these microbes affect a woman's susceptibility to infection and other diseases, so such changes might also mean that the risk of infection varies over time. Researchers hope further study will lead to personalized medicine for women, allowing doctors to tailor each woman's treatment and health maintenance strategies to her individual microbial make-up. The study was published online May 2, 2012, in the journal Science Translational Medicine. Read more.

The 300 Meter Final

Stressing about finals? Dr. Bill Smith adds an interesting and relevant twist to his final exam: the 300m walk-and-talk, a 100% oral final infamously known as "The Final Lap." Watch the video.

Creative Sparks Fanned by Mentor, Serenity of Palouse

"I came out here, all the way to Idaho, for a change of pace and to study creative writing," said Aleks

Schoen. Now wrapping up the second of a three-year MFA program, the native New Yorker appreciates the rural quietude surrounding the University of Idaho. "What I really like about Idaho and the program is that it's more or less in the middle of nowhere," she said. "It gives me a sort of creative energy because there's nothing else I have to worry about. The pace of life is more relaxed here, which I really appreciate. And the Aleks Schoenwriting program is small, which I like. I've had the opportunity to be entirely devoted to my writing -- which is what I wanted to do. I don't think I could have done that in any other environment." Read more.

Mathematics Colloquium: Fernando Guevara Vasquez (University of Utah)

Mathematics Colloquium, featuring Fernando Guevara Vasquez (University of Utah), titled, "Active exterior cloaking for the Helmholtz equation," will occur May 3 at 3:30 p.m. in TLC 032. ABSTRACT: We present a way of using active sources to hide objects from a known incident field. The active sources cancel out the incident field in a region while having a small far field. Since very little waves reach objects in the cloaked region, the scattered field is greatly diminished, making the object practically invisible. We recall how to construct such a cloak using a single and double layer potential on a surface (Green's formulas) and then show how the same effect can be achieved using a few multipolar sources that do not completely surround the cloaked region.

Dissertation Defense: Joel Tenbrink

Doctoral candidate, Joel Tenbrink, will defend his dissertation entitled, "The Effects of Injury Prevention Programs on Balance and Landing Biomechanisms", on May 3, at 3:30 p.m. in the PE building, room 201. The event is free and open to the public.

2012 Moscow Kino Digital Media Festival

Students in JAMM 475: Digital Media Thesis Production will showcase their work at the annual Moscow Kino Digital Media Festival on May 2 and 3 at 7 p.m. in the SUB Borah Theater. ASUI Vandal Entertainment and the School of Journalism and Mass Media sponsor this event and admission is free. Students will do a Q & A after each screening and defend their thesis work. Audiences are encouraged to vote for their favorite movies.

A Funny Thing Happened on the Way to the Forum

The University of Idaho Department of Theatre Arts presents the musical comedy "A Funny Thing Happened on the Way to the Forum," written in 1962 by Burt Shevelove and Larry Gelbart with music by Tony Award-winning composer Stephen Sondheim. One of Broadway's greatest musical farces, "A Funny Thing Happened on the Way to the Forum" takes comedy back to its roots, combining situations from time-tested, 2000-year-old comedies of Roman playwright Plautus with the infectious energy of classic vaudeville. When Pseudolus, a wily, lazy, cheating slave, discovers his master's son is in love with the girl next door — a courtesan — he promises to help win her heart in exchange for his freedom. Satire, puns and cases of mistaken identity abound as Pseudolus concocts a plan so outrageous the whole neighborhood ends up playing a part — whether they know it or not. General admission \$10. Admission is free for U-ldaho students. Tickets are \$8 for WSU students and U-ldaho faculty and staff.

Disability Support Services Oustanding Faculty Honorees

Disability Support Services is proud to announce this year's faculty who have received the DSS "Outstanding Faculty" award. Faculty are nominated by a student with disabilities who would like to recognize and thank faculty who have gone above and beyond what is expected in providing accommodations and services for them. Because of the willingness of these exceptional faculty

members to do so, students with disabilities have the same opportunity as all students to show what they can do according to their ability, not their disability. Read more.

NEWS:

--Virtual Reality Sets Up Future Career for Josh Fairbank

EVENTS:

- --Process Improvement Team Leader's Recognition Ceremony, 9 11 a.m.
- --Bioregional Planning Professional Project Presentations, 9:30 a.m.
- --A Funny Thing Happened on the Way to the Forum, 7:30 p.m. Friday and Saturday
- --Vandal Track & Field Jamboree, 10 a.m. Saturday

ANNOUNCEMENTS:

--2012 - 2013 Leadership Academy

Virtual Reality Sets Up Future Career for Josh Fairbank

Like many freshmen, Josh Fairbank was unsure about what he wanted to study, let alone pursue as a career when he entered the University of Idaho. He began his freshman year as a business major, but quickly realized pursuing that path wasn't right for him. "I talked with an adviser and started telling her what I enjoy doing," he recalled. "I like working with technical stuff, like computers and she referred me to the Virtual Technology & Design (VTD) Department. I took my first class, and I loved it." Read more.

Process Improvement Team Leader's Recognition Ceremony

The Center for Strategic Initiatives & Continuous Improvement within the Division of Finance & Administration will be hosting a Recognition Ceremony to recognize the completion of the Continuous Improvment (CI) Team leaders Lean training. The Process Improvment Graduates are your peers and made up of both academic and administrative departments across the University of Idaho campus. Once the Team completes this phase of training they will begin applying continuous improvement techniques throughout campus (upon request) as it is our ambition to establish a Continuous Improvment Culture at the University of Idaho. The CI Team Leads will also begin learning an advanced curriculum that will lead to a "Expert level" Continuous Improvement and Lean distinction. The Ceremony will be held Friday, May 4 from 9 to 11 a.m. in the SUB Silver room. All CI Team leads will share there process improvement projects and experiences going through the training and the change projects.

Bioregional Planning Professional Project Presentations

The Bioregional Planning Program invites the University of Idaho community to attend the Professional Project Presentations of its 2012 candidates for Masters of Science in Bioregional Planning and Community Design. Presentations will be Friday, May 4 and Tuesday, May 8 in the Student Recreation Center Classroom. Light refreshments will be provided. On May 4, Kate Mankoff 9:30 a.m. "A Food System Review: First Steps in Initiating a Community Food Assessment for Latah County" Melissa Shumake 10:15 a.m. "Analysis of Bioregionalism in the Wallowa Country" and Elvis Herrera 11 a.m. "Orofino Trail, Inventory and Master Plan" and on May 8, John Hawkins 9:30 a.m. "A New Framework for Transportation Planning in Idaho" Becky Couch 10:15 a.m. "University of Idaho Transportation Improvement Plan" and Nathan Weller 11 a.m. "Beyond Borders: A Study in Regional Cooperation."

A Funny Thing Happened on the Way to the Forum

The University of Idaho Department of Theatre Arts presents the musical comedy "A Funny Thing Happened on the Way to the Forum," written in 1962 by Burt Shevelove and Larry Gelbart with music by Tony Award-winning composer Stephen Sondheim. One of Broadway's greatest musical farces, "A Funny Thing Happened on the Way to the Forum" takes comedy back to its roots, combining situations from time-tested, 2000-year-old comedies of Roman playwright Plautus with the infectious energy of classic vaudeville. When Pseudolus, a wily, lazy, cheating slave, discovers his master's son is in love with the girl next door — a courtesan — he promises to help win her heart in exchange for his freedom. Satire, puns and cases of mistaken identity abound as Pseudolus concocts a plan so outrageous the whole neighborhood ends up playing a part — whether they know it or not. General admission \$10. Admission is free for U-Idaho students. Tickets are \$8 for WSU students and U-Idaho faculty and staff.

Vandal Track & Field Jamboree

The Vandal Track and Field Jamboree will occur May 5 at 10 a.m. at the Dan O'Brien Track and Field Complex.

2012 - 2013 Leadership Academy

The University is once again offering the Leadership Academy, a program open to faculty and staff throughout the state. The program's mission is to provide ongoing opportunities that integrate the development of knowledge and skills in leadership with a university-based project, building our institutional leadership capacity for today and for the future. The program, sponsored by the Office of the Provost and coordinated by the vice provost for academic affairs, focuses on national, institutional and personal leadership knowledge and development. Over the course of the year, participants will complete an intensive program of study and exploration, including sessions on leadership development, university system knowledge, and a university-based project.
