

In accordance with Internal Revenue Service guidelines, a portion of your gift is tax deductible. Your tax deduction may be reduced by the value of benefits received. You will receive a gift receipt from the IU Foundation for your charitable contribution. If you receive benefits with a FMV, you should reduce your charitable gift by the amount of each benefit. Also note that gifts that qualify you for premium/VSF donor seats are likely to be 80 percent deductible. Please consult your tax advisor to determine the tax implications of your donation.

Fiscal Year Information

The University of Idaho and VSF operate on a fiscal year: July 1 - June 30.

Donor benefits are determined by the total of receipted contributions to athletics during that 12 month period
