

AGRICULTURAL COMMUNICATIONS CAREER DEVELOPMENT EVENT

Purpose:

To provide individuals with practical communications skills necessary to pursue career opportunities in agricultural communications. Public communications about agricultural products, practices and policies are essential to the future of agriculture. Students who are equipped with strong communication skills, have developed teamwork skills, and who can use a variety of media have a bright future in the job market. Participants' goals are to help the public understand issues related to the industry of agriculture.

Objectives:

- To develop employment skills for students who are interested in exploring or pursuing career opportunities in the agricultural communications industry.
- To assist the local agricultural education instructor in motivating students to become knowledgeable receivers and producers of communication products, or become active in the industry of agricultural communications.
- To encourage the development of broader analytical skills, critical thinking strategies and an understanding of appropriate communications terminology for high school students.
- To develop the ability to create media products order to clearly communicate a message and to meet the needs of the receiver.

General Rules and Regulations

1. It is required that participants wear FFA Official Dress for this event.
2. Three persons will constitute an official team for the Agricultural Communications Career.
3. Team members will work together to prepare a written media plan prior to the Idaho FFA Agricultural Communications CDE. The team will also be responsible for presenting the plan during the CDE and completing individual practicums.
4. During the practicum portion of the event, each team member will be responsible for completing a written communication activity, an electronic media activity, or a visual design activity. All FFA members will perform the same practicum based on the content of the Press Conference. The Press Conference will be held during the CDE, and hosted by an appropriate agricultural or natural resources entity.
5. Any participant in possession of an electronic device in the event area is subject to disqualification.
6. Participants in need of special accommodations (disability or other health issues) must submit the Idaho State FFA Career Development Events Request for Special Accommodation Application found at the end of the General Rules and Regulations at least one month prior to the event.

Format and scoring:

1. Each November following the national FFA convention, the agricultural communications CDE committee will release event specifications for the next year via www.ffa.org under programs/cde/agricultural communications as well as an e-mail notification to all agriculture instructors. The specifications will outline the scenario to be used for the media plan and presentation as well as the specific practicum activities and software. Idaho FFA will use the same scenario as the National FFA, and a practicum will be based on the following rotation:
 - 2014- Writer Practicum
 - 2015- Designer Practicum
 - 2016- Electronic Media Specialist
 - 2017- Writer Practicum

***The CDE Superintendent will reserve the right to adjust the practicum based on the advice of Idaho Agriculture Teachers.
2. Students must provide pens and pencils for their own use.
3. The following specialized equipment will be provided:
 - a. For team presentation: projector, projector screen, and table. **Note:** Teams may bring additional equipment for the media plan presentation as long as they are able to set up and tear down equipment in the time allowed for the presentation. A remote clicker may be available, but it is recommended that teams bring their own.
 - b. For practicums: PC computer, printer, blank paper, recorder, digital photographs (at least 5 that relate to the press release topic), dummy text (to be used where normal text would go in the design practicum), logos (when available) and any other necessary materials.
4. Team Activity: Agriculture Related Media Plan (200 points/team)
 - a. Teams will play the role of communication consultants and will develop a media plan for an assigned scenario. The scenario will identify a type of client with a communications need and a budget. Please reference the current event specifications on the CDE webpage. The media plan should be based on the types of communication strategies that will be used for a client; the media plan should NOT be focused on purchasing supplies for a local FFA event.
 - b. A media plan is a written document that describes the following:
 - i. Objectives: What the group wants to accomplish with the media plan.
 - ii. Target Audience: Description of who the client is trying to reach, including demographic data.
 - iii. Strategic plan and tactics: Ways in which the objectives can be accomplished.
 - iv. Timeline: When the objectives will be accomplished.

 5. Audience- 2 pages maximum
 - a. Who the client is trying to reach with the media plan.
 - b. The demographic characteristics of the intended audience. This may include age ranges, socio-economic ranges, genders, and other characteristics of who you will target. For example, if one of your target audiences is rural high school students, the strategic plan should be tailored to this specific audience. If a different audience is 26-32 year old urban women who have started a family, consider the most effective communication strategies for this group.

7. Timeline- 1 page maximum
 - a. Explanation of the duration of the plan and the timing of the media tactics.
8. Evaluation- 1 pages maximum
 - a. Description of proposed methods to determine if the objectives were met. This section should match the goals set in the strategic plan section.
9. Budget - 1 page maximum
 - a. Table of all costs and quantities associated with implementing the media plan.
 - b. Narratives typically will not be included with the budget table.
 - c. *Helpful tip 1 .Do not make these up – cite actual costs. If a billboard is going to be used, call around to see how much it costs to print a billboard design, and how much it costs to rent a billboard.*
 - d. *Helpful tip 2: Although Facebook may be free, your communication firm will likely charge for the service of the development and implementation of Facebook communication with intended audiences.*
10. Conclusion- 1 page maximum

 - b. Not a restatement of the introduction and overview.
11. References
 - a. Formatted and edited according to the Publication Manual of the American Psychological Association (APA).

12. Appendices/Examples

- a. *Helpful tip: Create a title page for each appendix or example. The title page could include necessary details and a page number.*

13. **An electronic copy or hard copy of the media plan must be submitted two weeks prior to the CDE to the superintendent.** A penalty of 10% will be assessed for documents received after the deadline. If the document is not received seven days after the deadline, the team may be subject to disqualification.

- d. Each team member must participate in the presentation.
- e. Each team will be allowed 15 minutes to present its media plan to a panel of judges, who will play the role of the client. Teams will be stopped if they are not finished at 15 minutes to protect the event schedule. No deduction will be made for finishing in less than 15 minutes. Following the presentation, judges will be allowed five minutes to ask questions.
- f. Teams will have a total of 10 minutes for setting-up and tearing-down equipment (e.g. 5 minutes to set up and 5 minutes to tear down).
- g. Provided equipment includes a projector, projector screen and table.
Note: Teams may bring additional equipment for the presentation as long as they are able to set up and tear down equipment in the time allowed. The team should set-up the equipment and props without help from their advisor, coach, or chaperone.
- h. In the case of equipment failure, the team may be asked to move forward with the presentation. A back-up plan is recommended.

 - d. The press conference will be held following the orientation meeting. Each team member will receive a press packet with background information on the agricultural topic and expert to use during the event. An expert will speak on a current agricultural topic for 20 minutes. Students can bring paper to take notes if they wish. After the 20-minute presentation, the participants will then be involved in a 10-minute question and answer period with the expert (speaker). Each member will stand to be recognized before asking a question. Members may ask more than one question; however, the expert will attempt to address questions from as many different participants as possible. No electronic devices of any kind, including tape recorders and cell phones, will be allowed during this portion of the event. Upon completion of the 10-minute question and answer session, participants will be dismissed to complete their assigned practicums.
