Please see the Indicators Idaho Website (indicatorsidaho.org) for data sources and additional information about your county.

Note: The Consumer Price Index (CPI) is a measure of inflation. Using the CPI to put dollar values in “real” terms makes it easier to see “inflation-free” change over time. Our base year is 2014, which means all dollar values are in terms of 2014 dollars. For more information, see http://www.bls.gov/cpi/home.htm

The University of Idaho provides equal opportunity in education and employment on the basis of race, color, religion, national origin, age, gender, disability, sexual orientation, or status as a Vietnam-era veteran, as required by state and federal laws.
