

You Got to Move It, Move It!

Exercise is good for both your physical and mental well-being. As little as 30 minutes a day can improve your overall health.

Physical activity can help you:

- Keep off extra pounds
- Build and maintain healthy bones and muscles
- Improve your mood
- Reduce stress

The best exercise is one that you do consistently!

It can also reduce your risk of:

- Heart disease
- Diabetes
- High blood pressure
- Some cancers
