

CURRICULUM VITAE

NAME: Edwin E. Lewis

RANK OR TITLE: Professor, Co-Director of Center for Health in the Human Ecosystem

DEPARTMENT: Entomology, Plant Pathology and Nematology

OFFICE LOCATION AND CAMPUS ZIP: AgSci 242, 83844-2329

OFFICE PHONE: (208) 885-1697

EMAIL: eeewis@uidaho.edu

DEGREES

Ph.D. Entomology. 1991. Auburn University, Auburn, AL.

M.S. Entomology. 1987. University of Missouri, Columbia, MO.

B.S. Natural Resources. 1980. Cornell University, Ithaca, NY.

A.A.S. Science and Math. Cayuga County Community College, Auburn, NY.

EXPERIENCE

Teaching, Extension and Research Appointments:

Current	Professor, Dept. Entomology, Plant Pathology and Nematology, University of Idaho, Moscow, ID
2017-2022	Professor and Head, Dept. Entomology, Plant Pathology and Nematology, University of Idaho, Moscow, ID
2008-2017	Professor, Dept. Nematology / Entomology, University of California, Davis
2004-2008	Associate Professor, Depts. Nematology / Entomology, University of California, Davis
2004	Associate Professor/Cooperative Extension Specialist, Dept. of Entomology, Virginia Tech
1998-2004	Assistant Professor/Cooperative Extension Specialist, Dept. of Entomology, Virginia Tech
1995-98	Research Assoc., Dept. of Entomology, University of Maryland.
1994-95	Assistant Research Professor, Dept. of Entomology, Rutgers University.
1991-94	Post-doctoral Research Assoc., Dept. of Entomology, Rutgers University.

Academic Administrative Appointments:

Current	Co-Director, Institute for Health in the Human Ecosystem, UI
2017-2022	Department Head, EPPN, UI
2014-2017	Associate Dean for Agricultural Sciences, College of Agricultural and Environmental Sciences, University of California, Davis
2012-2014	Vice Chair, Department of Entomology and Nematology, UC Davis
2010-2014	Co-Director, Center for Honey and Pollination, Robert Mondavi Institute for Food and Wine, UC Davis

TEACHING ACCOMPLISHMENTS: (Academic and Extension teaching)

Areas of Specialization: Biological control of pest insects and nematodes; animal behavior; insect pathology; behavioral ecology

Courses Taught:**University of Idaho**

- EPPN 110: Introduction to Global Disease Ecology (2 credits, sole instructor)
- Entomology 438: Pesticides in the Environment (9 lectures) – Gen Ed: Senior Experience. Fate of pesticides in the environment, proper usage for pest management. (20 – 30 students)
- Entomology 501: Graduate Seminar – 100%, Fall, 2018. Graduate students prepare and present short and medium length seminars in specific topic areas. (15 students)

University of California, Davis

- Entomology 135: Biological Control – Principles of biological control of arthropod pests and weeds. Biology of pathogens, entomopathogenic nematodes, parasitoids, and predators. Implementation in classical and augmentative biological control. Role of biological control in pest management. Offered alternate Fall quarters, 2014-2016. (20 – 30 students)
- Entomology 104: Behavioral Ecology of Insects – Basic principles and mechanisms of insect behavior and ecology. An evolutionary approach to understanding behavioral ecology of insects. Offered every Winter quarter, 2005-2017. (275 – 300 students)
- Animal Biology 187: Seminar – Seminar leading to development of the Major Proposal for the Animal Biology major. Offered every Fall quarter, 2008-2012. (30 – 50 students)
- Freshman Seminar: Parasites and civilization. Special seminar limited to 15 first year students. Offered once.
- Entomology 189. Special Topics in Entomology. The one-minute entomologist. Undergraduate students create one-minute-long videos that explain the biology and importance of various insect species. Offered once.
- Nematology 290: Graduate Seminar. Evolution of nematode-insect relationships. Offered once

As Co-director of the Institute for Health in the Human Ecosystem:

Co-organizer and instructor in the 6-Day course on the Biology of Vector-Borne Diseases. This course was offered for the first time during June 2017 to 35 instructors and 34 students. BVBD 2019 hosted 35 instructors and 64 students. This course is offered annually during late June.

Advising

Currently, academic advisor for Entomology and Global Disease Ecology undergraduate majors.

I served as Master Advisor for the Animal Biology major at UC Davis for four years. During this time, the major grew from approximately 50 students to more than 300 students.

Graduate Students Advised as Chair or co-Chair:

Name of Student/Institution	My Role	Ph.D.	M.S.	In Progress	Year	Current Position
Ken Cote/Virginia Tech	Chair		X		2001	Indiana State Nursery Inspector
Youngsoo Son/Virginia Tech	Chair	X			2003	Researcher – CA Department of Food and Agriculture
William Dimock/Virginia Tech	Chair	X			2004	Deceased
Janet Ashley/Virginia Tech	Chair		X		2004	Virginia Cooperative Extension
Amanda Hodson/UC Davis	Chair	X			2009	Project Scientist UCD
Farshid Sirjani/UC Davis	Chair		X		2009	Family Farm
Soledad Villamil/UC Davis	Co-Chair	X			2010	Instructor Dept. de Agronomia, University Nacional del Sur, Argentina
Hanayo Arimoto/UC Davis	Chair	X			2009	US Navy
Irina Shapiro/UC Davis	Chair		X		2014	Bayer Cropsciences
Atirach Noosidum/ Kasetsart University, Thailand	Co-Chair	X			2012	Lecturer, Kasetsart University
Margaret Scampavia/UC Davis	Co-Chair	X			2017	
Danica Dito/UC Davis	Chair	X			2016	
Stephanie Kurniawan	Co-Chair		X		2017	Alameda County mosquito control district
Nick Morris/ U Idaho	Chair		X	X		
Lucas Ripa / U Idaho	Chair		X		2022	PhD student UI
Lucas Ripa / U Idaho	Chair	X		X		
Busra Sadic / U Idaho	Chair		X	X		

Anwar Bushnaq / U Idaho	Chair	X		X		
-------------------------	-------	---	--	---	--	--

Postdoctoral Scholars, Visiting Scientists, etc.

Name	Degree	Trainee Type	Years	Current Position (or last known)
Enrique Perez	Ph.D.	Postdoctoral Research Associate	1999-2003	Programmer for SPSS
Ken Spence	Ph.D.	Postdoctoral Research Associate	2006-2010	Agricultural Committee, State Senate of CA
Anne Nielsen	Ph.D.	Postdoctoral Research Associate	2008-2010	Assistant Professor, Rutgers University
Glen Stevens	Ph.D.	Postdoctoral Research Associate	2006-2010	Associate Professor, Ferrum College
Roy Kaspi	Ph.D.	Postdoctoral Research Associate	2009-2012	Research Scientist, Volcani Institute, Israel
Derya Asici	MS	Student	2010-2011	Postdoctoral Associate, Adnan Menderes University, Turkey
Heriberto Cruz Martinez	MS	Student	2012 (6 mos.)	Student, Conservacion y Aprovechamiento de Recursos Naturales CIIDIR, Oaxaca, Mexico
Qizhi Liu	Ph.D.	Visiting Professor	2013 (6 mos.)	Professor, China Agriculture University, Beijing, China
Chunjie Li	Ph.D.	Research Scientist	2013 (8 mos.)	Scientist, Northeast Institute of Geography and Agroecology, Chinese Academy of Sciences, Harbin, China
Carlos Cortes Martinez	Ph.D.	Student	2013 (2 mos.)	Staff Scientist, Instituto Politecnico Nacional, CIIDIR, Oaxaca, Mexico
Mehmet Karagoz	Ph.D.	Visiting Professor	2013	Professor, Adnan Menderes University, Aydin, Turkey
Jamie Ruiz Vega	Ph.D.	Visiting Professor	2013 and 2015	Research Scientist, Agroecologia y Control Biologico, CIIDIR, Oaxaca, Mexico
Baris Gulcu	Ph.D.	Visiting Professor	2014	Assistant Professor, Duzce University, Turkey
Xingyue Li	Ph.D.	Student	2014	Research Scientist, Plant Protection, Sichuan Academy of Agricultural Science, Chengdu, Sichuan

Valentina Pidlisnyuk	Ph.D.	Visiting Professor	2010 and 2013	Professor, Matez Bel University, Banska Bystrica, Slovakia and Professor Jana Evangelista Purkyne University, Czeck Republic
Tatyana Stefanovska	Ph.D.	Visiting Professor	Multiple times over many years	Professor, National University of Life and Environmental Sciences, Kiev, Ukraine
Qian Xiujian	Ph.D.	Visiting Professor	2018-2019	Associate Professor, Department of Entomology, Gansu Agricultural University, Lanzhou, P.R. China
Hilal Erdogan	M.S.	Visiting Ph.D. student	2020-2021	Bursa Uludağ University College of Agriculture Dept. of Biosystems Engineering Bursa, Turkey
Tufan Can Ulu	Ph.D.	Visiting Professor	Current	Bilecik University, Faculty of Agriculture and Natural Sciences Department of Plant Protection Bilecik, Turkey

SCHOLARSHIP ACCOMPLISHMENTS:

Publications and Patents

Refereed Publications in Journals (126 total)

Patents

Shapiro-Ilan, D., M. McGuire, R. Behle and E. Lewis. Formulated arthropod cadavers for pest suppression. U.S. Patent No. US6,524,601 B1.

J. Bloomquist and E.E. Lewis, co-inventors. Insecticidal and Nematicidal Compositions Comprising Stilbene Compounds. Disclosed Fall, 2004, provisional patent applied for 11/04 (VTIP # 04.111).

Grants and Contracts Awarded:**Grants Active (at UI)**

Title: Conference: University of Idaho Institute for Health in the Human Ecosystem Biology of Vector-borne Diseases Course

Agency: NSF: EEID

Amount: \$500,000

Date(s): 2023-2028

PI/Co-PI: co-PI (S. Luckhart PI).

Title: Increasing soil health in Idaho vineyards

Agency: USDA Specialty Crops program

Amount: \$150,000

Date(s): 2023-2023

PI/Co-PI: PI

Title: Novel control methods for California prionus beetle using entomopathogenic nematodes

Agency: Hops research council

Amount: \$52,000

Date(s): 2021-2023

PI/Co-PI: Co-PI for 2021-2022; PI for 2023

Title: Undergraduate research and mentoring at the nexus of plant, animal and human health in managed ecosystems.

Agency: USDA Research and Extension Experiences for Undergraduates

Amount: \$500,000

Date(s): 8/21-7/26

PI/Co-PI: PI

Title: Soil Health and Management in Organic Systems: Identifying Meaningful Targets and Pathways To Resilience

Agency: USDA Organic Transitions Program

Amount: \$500,000

Date(s): 9/20-8/23

PI/Co-PI: co-PI (Johnson-Maynard PI)

Title: Testing the nematode suppressing ability of novel formulations in greenhouse and field trials

Agency: The Sugar Beet Alliance

Amount: \$49,558

Date(s): 6/20-5/22

PI/Co-PI: PI

Title: Group behavior and chemical signaling as drivers for entomopathogenic nematode foraging and infection dynamics

Agency: USDA-AFRI

Amount: \$500,000

Date(s): 5/18-4/14/22

PI/Co-PI: Co-PI (Shapiro-Ilan PI)

Grants Completed

Title: Converting agricultural plant waste into an effective pest control product and fertilizer

Agency: Idaho Global Entrepreneurial Mission (Department of Commerce)

Amount: \$241,000

Date(s): 7/19-11-20

PI/Co-PI: PI

Title: Leveraging nematode signals to enhance entomopathogenic nematode efficacy for pest control.

Agency: USDA-SBIR

Amount: \$100,000

Date(s): 7/15/17- 3/1/19

PI/Co-PI: Co-PI (Pheronym PI)

Title: Safe nematicides from food waste

Agency: World Wildlife Fund

Amount: \$5,000

Date(s): 9/1/17 – 9/1/19

PI/Co-PI: PI

Title: Improved end-season control and migration suppression of Lygus bugs in commercial strawberry fields

Agency: California Strawberry Commission

Amount: \$240,000 (\$80,000 per year contingent on available funding and demonstrated progress)

Date(s): 2/1/16-1/31/19

Title: Development of a rapid real time PCR assay to detect nematode pests of pistachios, walnut and almond

Agency: California Department of Food and Agriculture

Amount: \$220,000

Date(s): 10/01/2015 - 06/30/2018

Title: An Integrated Biological Approach to Fuller Rose Beetle Control to Meet Quarantine Requirements

Agency: Citrus Research Board

Amount: \$70,000

Date(s): 10/01/2013 - 09/30/2015

Title: DPR Symposium on Soil Health

Agency: California Department of Pesticide Regulation

Amount: \$55,667.00

Date(s): 02/12/2014 - 09/30/2014

Title: Evaluation of two formulations of entomopathogenic nematodes for white grub control

Agency: UC-Mexus

Amount: \$25,000

Date(s): 9/2005 - 3/2007

Title: Mechanized *in-vivo* production of entomopathogenic nematodes: expanding biocontrol utility

Agency: USDA-SBIR Phase 2

Amount: \$346,000

Date(s): 09/07 - 08/09

PI/Co-PI: Co-Investigator, Tedders (Principal Investigator)

Title: Novel formulations for entomopathogenic nematodes: Phase II

Agency: USDA-SBIR

Amount: \$74,500 (VT Share)

Date(s): 9/2002 - 9/2004

PI/Co-PI: Co-Investigator

Title: Biological and cultural control of *D. abbreviatus* in California nurseries

Agency: California Department of Food and Agriculture

Amount: \$42,900

Date(s): 01/08 - 12/09

PI/Co-PI: Principal Investigator, Lewis (Principal Investigator)

Title: Trophic dynamics in the fine-root based food web: integrating resource heterogeneity, root foraging, and root herbivory.

Agency: NSF Dissertation Improvement Grant

Amount: \$7,320

Date(s): 6/2003 - 1/2005

PI/Co-PI: Co-Investigator

Title: Infection decisions by entomopathogenic nematodes

Agency: NSF Animal Behavior Panel

Amount: \$200,000

Date(s): 9/2003 - 8/2006

PI/Co-PI: Principal Investigator

Title: Root herbivores in an orchard system: assessing the influence of root herbivory and pest management on root dynamics, soil fauna, and soil carbon pools

Agency: Kearney Foundation of Soil Science

Amount: \$168,000

Date(s): 01/07 - 12/10

PI/Co-PI: Principal Investigator, Lewis (Principal Investigator)

Title: Integrated pest management training for Virginia Schools

Agency: Environmental Protection Agency

Amount: \$19,737

Date(s): 10/2003 - 9/2005

PI/Co-PI: Co-Investigator

Title: Establishment of native plants in an exotic matrix: the role of root-based food web interactions in California's Central Valley

Agency: USDA-NRI Post-doctoral Fellowship

Amount: \$121,718.00

Date(s): 08/01/2005 - 07/31/2007

PI/Co-PI: Trainer, Glen Stevens (Principal Investigator)

Title: Biocontrol for environmental security in Ukraine

Agency: NATO

Amount: \$6,300.00

Date(s): 02/03/2009 - 02/02/2011

PI/Co-PI: Principal Investigator

Title: Evaluating entomopathogenic nematodes as biocontrol agents for citrus root weevil in California soils and climates

Agency: California Citrus Research Board

Amount: \$52,000*

Date(s): 11/2006 - 10/2007

PI/Co-PI: Principal Investigator

Title: Identifying the herbivore species complex in biofuel production systems in California and Ukraine

Agency: US Civilian Research and Development

Amount: \$13,530.00

Date(s): 10/01/2009 - 09/30/2011

PI/Co-PI: Principal Investigator

Title: Entomopathogenic nematodes for the control of the citrus root weevil, *Diaprepes abbreviatus*

Agency: UC IPM Exotic Species Program

Amount: \$74,832

Date(s): 9/2006 - 8/2008

PI/Co-PI: Principal Investigator

Title: Integrated biology learning through investigation

Agency: NSF CCLI

Amount: \$200,000**

Date(s): 5/2007 - 4/2009

PI/Co-PI: Co-Investigator, Dolan (Principal Investigator)

Goal: **UCD subcontract for \$25,901 per year.

Title: Entomopathogenic nematodes for complying with quarantine restrictions of nursery containerized plants and controlling Diaprepes weevil larvae

Agency: Slosson Foundation

Amount: \$51,600

Date(s): 7/2007 - 6/2009

PI/Co-PI: Co-Investigator, Kaya (Principal Investigator)

Title: Biological control of Black Vine Weevil and Citrus Root Weevil (Coleoptera: Curculionidae) using entomopathogenic nematodes in berry crops and ornamentals in Ukraine and California

Agency: U.S. Civilian Research and Development Foundation

Amount: \$11,940.00

Date(s): 09/01/2007 - 08/31/2009

PI/Co-PI: Co-Investigator, Stefanovska (Principal Investigator)

Title: Mechanized in vivo production of entomopathogenic nematodes: expanding biocontrol utility

Agency: SBIR-USDA Phase 1

Grant No.: EEL0313

Amount: \$20,000.00

Date(s): 09/01/2007 - 08/31/2009

PI/Co-PI: Co-Investigator, Tedders (Principal Investigator)

Title: Control tactics for Diaprepes

Agency: California Department of Food and Agriculture

Amount: \$76,175

Date(s): 9/20/2007 - 06/30/2010

PI/Co-PI: Co-Investigator, Godfrey (Principal Investigator)

Title: Research on the mode of action of the Nematicide DiTerra

Agency: Valent U.S.A. Corporation

Amount: \$15,000 per year

Date(s): 07/01/07 - 06/30/09

PI/Co-PI: Principal Investigator

Title: Biological control of the Agave Weevil, a pest of ornamental plants in the US and of commercial agave production for tequila and mescal in Mexico

Agency: UC Mexus Program

Amount: \$12,298.00

Date(s): 07/01/2011 - 12/31/2013

PI/Co-PI: Principal Investigator

Title: Biological Control of Key Pest of Ornamental Plants in the Greenhouse and

Nursery

Agency: California Department of Food and Agriculture

Amount: \$25,000

Date(s): 10/01/2010 - 10/31/2011

PI/Co-PI: Co-Principal Investigator, Michael Parrella (Principal Investigator)

SERVICE:

Professional service

- Current: Subject Editor, Biological Control (Published by Elsevier)
- 2021: Panel Member EIP Panel for USDA
- 2020-2023: Member Faculty Affairs Committee – UI
- 2013-2018: Editor-in-Chief, Biological Control
 - As EIC, I handled all submitted manuscripts (approximately 500 per year), evaluated their appropriateness for the journal and assigned those not rejected without review to subject editors.
- 2015-2016: Trustee – Society for Invertebrate Pathology
 - Trustees are the governing board for this international scientific society
- Board Member – California Crop Improvement Association
- Advisory Board Member – AgSTART
 - AgSTART is a venture capital group specializing in agriculture-related start-up businesses in the Sacramento Valley, CA
- Scientific Program Committee, 2017 Annual Meeting of the Society for Invertebrate Pathology.
 - Meeting held August, 2017 in San Diego, CA
- 2009-2013: Subject Editor – Biological Control
- Chair, Committee on Interdepartmental Majors, UC Davis
- PI and Organizer, California Soil Health Symposium, June 2014 (an international symposium jointly sponsored by UC Davis and the California Department of Pesticide Regulation)
- Panel Member, USDA-NRI panel for Biology of arthropods and nematodes (2005)
- Chair, USDA Regional Project S-1024: Discovery of Entomopathogens and their Integration and Safety in Pest Management systems; hosted annual meeting, February 2009. Sponsored by USDA. (2008-2010)
- Panel Member, USDA-AFRI Sustainable Bioenergy Research Feedstock
- Panel Member, USDA Peer Review Panel, Sustainability and IPM. August, 2010. This panel reviews 5-year research plans submitted by USDA research scientists.
- Chair, Entomopathogenic nematode subcommittee, Society of Invertebrate Pathology (2010-2011)

University service, University of Idaho

- Chair, Parma Entomologist search committee
- Faculty Affairs Committee

University service, UC Davis

- Faculty Advisory Committee – Robert Mondavi Institute for Food and Wine, UC Davis
- UC Davis Representative – Balsells Foundation Graduate Fellowship Program
 - The Balsells Foundation engages with a number of US universities as a philanthropic partner funding graduate education for students from Catalonia, Spain. The foundation reached out to UC Davis as a destination for students interested in agriculture, and I lead the program.

- Member, College Planning Committee, UC Davis (2012)
- Served as Acting Chair, Department of Entomology (2013)

Honors and Awards:

Presented Maramorosch Lecture, April 2018. This lecture, co-presented with Shirley Luckhart, is given annually to recognize distinguished alumni from the Rutgers Entomology Department.

Book chapter highlighted by the Society for Invertebrate Pathology at the annual meeting: Shapiro-Ilan, D.I, I. Hiltbold and E.E. Lewis. 2018. Ecology of invertebrate Pathogens: Nematodes. In: Ecology of invertebrate Diseases (A.E. Hajek and D.I. Shapiro-Ilan, eds). pp. 415-440. Wiley.

Pacific Branch – Entomological Society of America Award for Excellence in Integrated Pest Management. 2016
